NOVEMBER 2025

Halloween Celebration – Pre-Primary

On 7th November 2025, the Pre-Primary section of NRC School came alive with spooky excitement as we celebrated **Halloween Day**. The entire area was beautifully decorated with Halloween-themed elements such as **ghosts, skeletons, mummies, pumpkins, witches, and cobweb décor**, creating a fun-filled horror ambience for our young learners.

Both teachers and students enthusiastically participated by dressing up in creative and spooky Halloween costumes. The day was filled with laughter, excitement, themed activities, and joyful memories as children explored the playful side of imagination.

The celebration encouraged creativity, imagination, confidence, and joyful participation as children explored Halloween-themed role play and characters.

Children's Day

On **14th November 2025**, NRC School joyfully celebrated **Children's Day** across the Pre-Primary and Primary sections. The day was filled with excitement as students participated in special activities planned just for them. A highlight of the celebration was a creative and fun experiment where teachers made a large **balloon man**, and children stood around it in a circle holding books. As they moved their books, the air they created made the balloon man move—appearing as if he was dancing, much to the students' delight.

Some children beautifully dressed as **Pandit Jawaharlal Nehru** and confidently delivered short speeches, adding meaning to the occasion. Teachers also shared the significance of Children's Day, explaining that it is celebrated in honour of the birth anniversary of **Chacha Nehru**, who believed deeply in the value, joy, and importance of children.

Frist Prize at Science Exhibition

NRC English Medium School is thrilled to announce that our students secured the **First Prize at Technora 2025** – Inter-School Science Exhibition cum Competition! 🏆 Competing against 15 schools in Kalyan, our talented students showcased their exceptional skills in STEM (Science, Technology, Engineering, and Mathematics) by designing an innovative working model – “Smart Goggles for Visually Impaired People”. By applying **Micro-bit coding** and STEM Pedagogical Principles - they created a solution to a real-world problem, demonstrating their creativity, technical expertise, and dedication. Their outstanding project earned them the First Prize Trophy and a cash prize of ₹5000/-, bringing great pride to the school.

Congratulations to our Young Innovators!

Market Day

Market Day Experience – Grade 1 & Grade 2

To promote experiential learning and real-life skill development, Market Day was organized for the Primary Section. The event was held on 18th November 2025 for Grade 1 and 19th November 2025 for Grade 2.

The school campus was transformed into a lively and colourful market setup, filled with excitement, creativity, and energetic young entrepreneurs. Students came dressed as shopkeepers, fully embracing their roles with confidence and enthusiasm. They set up various stalls such as: Vegetable and Fruit Shops, Flower Stall, Ice-cream and Sweet Shop, Clothing and Accessories Store, Kirana Store, Mobile and Mobile Repair Shops, Toy and Stationery Stores...and many more.

Teachers from different sections visited the stalls and interacted with students just like real customers. Children confidently communicated prices, responded to questions, counted money, and carried out transactions using paper currency — offering them a hands-on experience of how the real marketplace works

Rangotsav Prize Distributon

The students of NRC School from the Pre-Primary, Primary, and Secondary sections actively participated in the Rangotsav Celebration with great enthusiasm and talent. Our students showcased their creativity and skills in various competitions and brought immense pride to the school by winning numerous prizes, medals, and trophies across different categories.

Their outstanding performance and dedicated efforts were appreciated at the event, and many students achieved top positions. Adding to the joy, NRC School was also honoured with special trophies for maximum participation, reflecting the collective spirit, teamwork, and encouragement shown by students and teachers alike.

The achievement highlights the school's commitment to promoting cultural and co-curricular activities, and we congratulate all the students for their remarkable success.

Fun With Chemistry

An absolutely amazing fun with chemistry session was organized for the students of class 10. The resource person was Mr. Mehul Shah from an Institute called Curious Minds. The session was entirely focused on making the student feel that chemistry is an interesting subject and they can score well by following a few tricks. Mr Shah shared some of the most interesting ways to understand and remember the formulas of Chemistry.

He also showed some chemistry experiments. Later, he called students to perform them under his supervision.

The session was extremely engaging and the students found it beneficial.

Class 10 Parents Counselling Session

Mr. Dushyant Patel, a practicing C. A. and the founder of Edge Academy addressed the parents of class 10 students. In a very lucid and simple conversation with the parents, he spoke to them about some simple yet powerful tricks about dealing with their teenage children. He emphasized that the teenage is the time for the parents to be with their children instead of being above them. He drew the attention of the parents towards those small changes that they can bring in their routine in order to have a healthy relationship with their wards. He appealed to the parents to accompany their wards in their journey to board examination and not pressurize or compare them.

The session was a remarkable one. The parents present there expressed their gratitude towards the school for arranging such sessions.

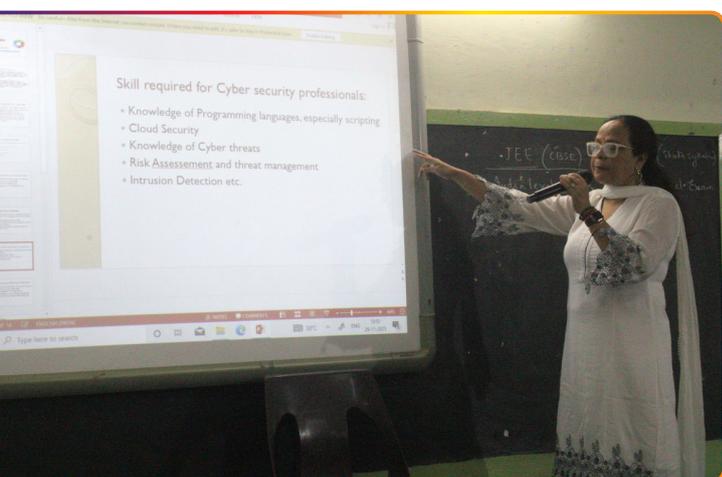

Parents Feedback

Today's parenting session was very helpful for parents and students. Sir said that doubt and mistake column is very helpful. That session was excellent.

1:48 pm

Today's motivational session was truly inspiring and very helpful. The speaker explained in a simple and practical way how to understand students, handle their problems, and encourage them to do better. The techniques shared for building confidence, improving focus, and supporting students emotionally were very useful. Overall, the session gave me a new perspective on how to guide and motivate students in a positive and effective manner. Thank you for conducting such a meaningful session

1:58 pm

Class 10 Career Counselling Session

The students of class 10 participated in a career counseling session.

Ms. Soma Chatterjee, a resource person from Edge Academy, guided students for various career opportunities available to them. She shared a vast spectrum of career choices available in the modern time.

She specifically talked to the students about the JEE, NEET, MH CET and such other competitive exams where students have to be extremely diligent and cautious to score the best for getting into the best courses and colleges.

The students found the guidance very useful. Overall, it was an informative and enriching session.

Constitution Day

Constitution Day was marked with immense enthusiasm throughout our school. Both students and teachers took part actively, creating informative models that illustrated the significance of the Indian Constitution and its core values.

Students expressed their creativity by crafting impressive drawings and sketches centered around the theme of Constitution Day. Their artwork conveyed a strong sense of patriotism, respect for the nation, and a deep understanding of the importance of this historic day.

Additionally, we made the students take a pledge, reinforcing their commitment to uphold the values enshrined in the Constitution.

The celebration provided students with valuable insights into the importance of being responsible citizens and motivated them to embrace the ideals enshrined in our Constitution.

Culmination Day

On 28th November 2025, the Pre-Primary section of NRC School joyfully celebrated **Culmination Day**, showcasing the learning journey of our little Nursery and Junior KG stars.

The event was beautifully hosted by our confident Junior KG students, who welcomed everyone with great enthusiasm. Through various play-way and immersive learning activities, our students demonstrated the concepts they have learned so far — from literacy and numeracy to EVS, phonics, circle time routines, and much more. Their performance reflected strong engagement, creativity, and hands-on learning. Teachers also shared insights into the daily structure of a child's learning journey, highlighting key components such as: Circle Time, Literacy, Brain Break, Numeracy, Air Break, EVS / Hindi, Phonics, Play-Based Experiential Learning

A special highlight of the programme was the Vote of Thanks, which was generated using AI through Adobe Express — demonstrating the practical application of AI tools introduced to teachers during a recent school training session.
