Parle G Biscuit Factory- Ambarnath

The pre-primary students of NRC Balmandir enjoyed an exciting educational trip to the Parle-G Factory. It was a wonderful learning experience where the little ones saw how their favorite Parle-G biscuits are made — from mixing the dough to baking and packaging. They also watched an animated video about the founder of Parle-G, which helped them understand the brand's inspiring journey.

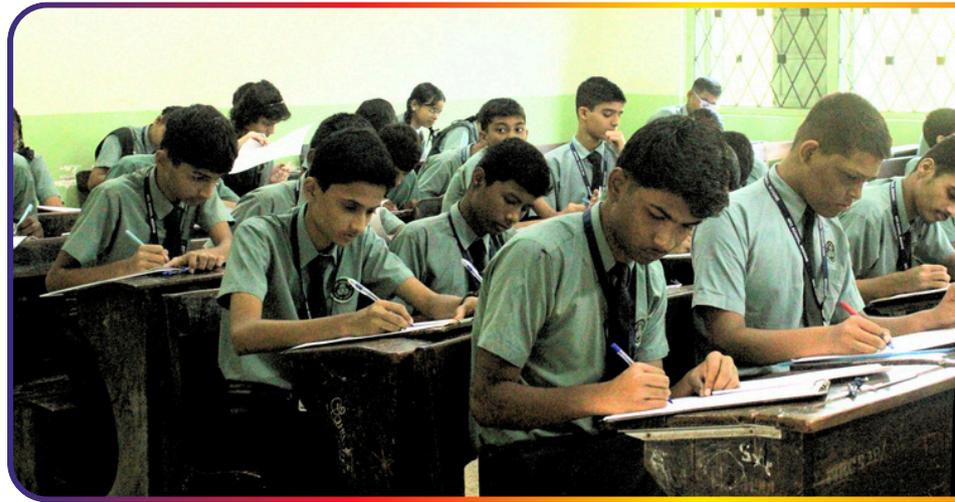

The visit was both fun and educational, giving students a glimpse into the world of biscuit making. Their happiness doubled when they received Parle goodies as a sweet memory of the trip!

Diwali Celebration

The Pre-Primary section of NRC School celebrated the festival of lights, Diwali, with great joy and enthusiasm. The classrooms were beautifully decorated with diyas, lanterns, and colourful rangolis. Teachers explained the significance of Diwali — the victory of good over evil and light over darkness — through short stories and discussions. The students participated in fun activities like making paper diyas, decorating candles, and colouring Diwali scenes. The celebration ended with songs, dance, and the exchange of sweets, spreading smiles all around.

It was truly a day filled with happiness, colour, and togetherness as our tiny tots learned the value of sharing joy and celebrating safely.

Semester 1 Exams Begins

It began in the last week of September and continued till mid-October with a structured schedule. Primary students (Std I–IV) appeared for oral and written exams in all major subjects. Subjects included English, Hindi, Marathi, EVS, Maths, and Computer/Abacus. Exams were held from 8:00 a.m. to 10:30 a.m., with some regular school days in between. The secondary section (Std V–X) followed a systematic timetable for all core subjects. Preparation leaves were given to help students revise effectively. Exam timings were 7:00–9:30 a.m. for Classes V–VIII and 7:00–10:30 a.m. for IX–X. Teachers ensured discipline and provided a calm, supportive atmosphere. The well-organized exams reflected the school's focus on planning and academic excellence.

Principals As Changemakers

A meet of all the principals of Adani schools was organized at the HO, Ahemadabad. The meet 'Principals as Change Makers" emphasized the crucial role of principals as leaders driving transformation in schools. Speakers highlighted visionary leadership, adaptability, and innovation as key to improvement. Real-life case studies showcased how proactive principals led successful reforms through effective communication and data-driven decisions.

The discussion also stressed collaboration among teachers, students, and the community to build inclusive, student-centered environments. Participants shared challenges, best practices, and strategies for embracing technology and continuous growth. The session concluded with a call for principals to lead with purpose, integrity, and a vision for change.
