REFLECTIONS

**JULY
2026**

🌟 Proud Moment for All of Us! 🌟

Dear Team,

We are delighted to share the wonderful news that **NRC Secondary School has been officially renamed as Adani Public School.**

This milestone marks a significant step in our school's journey and reflects our collective commitment towards growth and excellence.

We extend our heartfelt gratitude to all Heads, Teachers, Administrative Staff, and Support Staff for their continuous support, dedication, and cooperation throughout this process. This achievement would not have been possible without the contribution of every member of our school family.

Let us celebrate this proud moment together and continue working with the same spirit and enthusiasm to take Adani Public School to even greater heights.

Congratulations to everyone!

Warm Regards,

Satwant Kaur Nagpal

Campus Director

Sanjay Mehta

Principal

Highlights of July 2026

As we continue our journey through Academic Year 2026–27, Adani Public School, Mohone (formerly NRC School) is delighted to present the July edition of our monthly newsletter.

Guided by our theme, "In Every Child, A Champion," this month was packed with interactive learning, vibrant celebrations, and hands-on discovery. From role-playing as healthcare heroes on Doctor's Day to exploring STEM innovations, mobile science exhibitions, and cheerful monsoon activities, our students continue to shine, learn, and grow.

This edition captures the memorable highlights and creative experiences that made July a month of wonder and learning for our school community. Here's to celebrating curiosity and excellence in every learner!

Inside APS

- 01** Science on Wheels: 3-Day Mobile Science Exhibition
- 02** Doctors Day Celebration\ Rainy Day Celebration
- 03** Shaping the Future: STEM Exhibition at APS, Mohone
- 04** Ashadi Ekadashi Celebration
- 05** Academic Leadership & Pedagogical Excellence: **STEM Teacher Workshop**
- 06** Guru Purnima Celebration

Science on Wheels: 3-Day Mobile Science Exhibition

Adani Public School, Mohone, hosted an extraordinary **3-Day Mobile Science Exhibition** in collaboration with the **Nehru Science Centre, Mumbai!** The event brought science out of textbooks and straight into dynamic, real-world learning across three engaging days:

- **Day 1:** Expert Demonstrations An expert from Nehru Science Centre kicked off the event with live experiments exploring core physics principles and chemical reactions.
- **Day 2:** Peer-to-Peer Learning & Interactive Bus Students toured the mobile exhibition bus focusing on health, hygiene, food safety, and water purification. Senior students stepped up to lead interactive peer-learning sessions for their younger schoolmates.
- **Day 3:** Hands-On Science & Next-Gen Tech Students participated in DIY workshops—building optical illusion spinners and testing air and water science models. The highlight was experiencing immersive AR/VR technology firsthand!

"Sparks ignited, minds expanded—bringing science alive for every learner!"

Doctor's Day Celebration in Pre-Primary Section

Our Pre-Primary tiny tots celebrated Doctor's Day by stepping into the shoes of healthcare heroes! With a mini-hospital setup—complete with an OPD, Pharmacy, Dental & Eye clinics, and an ICU—students role-played as doctors and nurses, using toy stethoscopes and checking patients to learn about empathy and community care in the most joyful way!

Rainy Day Celebration

Our Pre-Primary little ones embraced the monsoon season with an exciting Rainy Day Celebration! The children had a wonderful time crafting colorful paper boats and setting them afloat, while also discovering seasonal creatures like snails and frogs to learn about nature up close. To make the day even more magical, they explored themed setups of mini corn and tea stalls, bringing the joyful charm of a cozy rainy day right into the classroom.

Shaping the Future: STEM Exhibition at APS, Mohone

Adani Public School, Mohone, recently hosted a dynamic STEM Exhibition, celebrating the spirit of curiosity, creativity, and real-world problem-solving among our students. Our young innovators brought science and technology to life by presenting brilliant ideas, working prototypes, and inspiring solutions. The event provided a fantastic platform for these future-ready minds to explore hands-on learning and demonstrate their passion for innovation.

The exhibition highlighted a wide array of impressive student projects across multiple disciplines. Attendees explored working smart home designs, cutting-edge Internet of Things (IoT) applications, and thoughtful environmental sustainability projects aimed at solving modern ecological challenges. By turning bold concepts into practical solutions, our talented students demonstrated remarkable ingenuity and a commitment to shaping a brighter, sustainable future.

Ashadi Ekadashi Celebration

The campus of Adani Public School, Mohone, resonated with spiritual joy as students celebrated Ashadhi Ekadashi and Pandharichi Wari. Dressed in traditional attire as young Varkaris, students brought Maharashtrian heritage to life through soulful abhangs, cymbals, and energetic dances. Adding a creative touch, Secondary Section students hand-painted traditional Gandhi caps with devotional motifs for the event.

The celebration also blended tradition with social awareness through a lively Wari procession. Carrying Tulsi plants and placards, students promoted environmental conservation, water saving, and cleanliness. The vibrant event successfully instilled cultural values and civic responsibility, echoing chants of "Jai Jai Ram Krishna Hari!" across the school.

Academic Leadership & Pedagogical Excellence: STEM Teacher Workshop at Nehru Science Centre, Mumbai

Adani Public School, Mohone (formerly NRC School) has partnered with the Nehru Science Centre, Worli, to lead quarterly STEM workshops for Mumbai-region educators and B.Ed. students, aiming to elevate hands-on science pedagogy across schools.

Initiating this collaboration on July 21st and 22nd, Principal Mr. Sanjay Mehta, alongside Ms. Pearl Peter and Ms. Aishwarya Bhogle, conducted an interactive workshop for 45 B.Ed. participants. This project reflects the school's commitment to continuous teacher development and academic leadership in the wider community.

Guru Purnima Celebration

Adani Public School, Mohone, celebrated Guru Purnima with deep reverence, honoring the dedicated educators who inspire, guide, and shape young minds every day. The morning commenced with a soulful prayer service dedicated to Goddess Saraswati, during which faculty members, staff, and students performed traditional aarti and offered heartfelt prayers, filling the campus with an atmosphere of devotion and respect.

To express their gratitude, students welcomed their teachers with traditional tilak, ceremonial aarti, thoughtful handmade gifts, and personalized appreciation boards displaying poems and notes for their favorite mentors. Seeking blessings by touching their educators' feet, students embraced the timeless tradition of honoring their gurus. The celebration highlighted the invaluable bond between teachers and students, serving as a reminder of the mentors who guide young minds toward a brighter future.
